

October 2009

---

- ***Camgrain visit***

We will be visiting Camgrain on Thursday 8<sup>th</sup> October and there are currently 3 spaces still available on the mini bus. If you are interested in joining this visit please contact John Burnett on 01427 668742 as soon as possible.

- ***Harvest 2009***

Unfortunately we were setback another week due to the fumes from the AWS factory, but by the end of this week harvest intake will be completed. We have had very positive comments from many of the hauliers and members regarding harvest and if you have any additional feedback please get in touch. We would also encourage members to use the transport organised by Woldgrain to ensure intake goes smoothly.

- ***Project Valiant***

In the next 2 weeks or so we expect to know what the construction costs will be and what will be included in phase 1 (for next harvest) and what will be in phase 2 (harvest 2011).

In order for the 1<sup>st</sup> phase to be completed on time it must commence by the end of November. It is therefore imperative that we have sold at least 9000 tonnes to enable the scheme to proceed and for the grant to be drawn down.

**If you are going to purchase additional storage for next harvest I would urge you to commit to this now, otherwise the opportunity may be lost.**

- ***Websites***

In the next few weeks our website will be live so please visit it at [www.woldgrainstorage.co.uk](http://www.woldgrainstorage.co.uk) and we will also have a page on the NetworkGrain website <http://www.networkgrainuk.com/localstores.html> by the 18th October.

- ***Charlotte Collen***

On Friday 2<sup>nd</sup> October Charlotte Collen will be leaving Woldgrain. If you have any queries in the future regarding tonnage or membership please contact John Burnett. Charlotte would like to thank everyone for their support and shall miss everyone at Woldgrain.
